

February eighth.

Dear Mrs. Randolph;-

In accordance with your request and our own promise, we are sending you herewith a rough proof of the sketch of Dr. Randolph just as we propose to publish it.

As you will note, this comes out on the 19th of this month, as we have to go to press not later than Tuesday, the 12th.

Therefore we are sending it to you via special delivery, and enclose a return holder address and stamped for similar rapid transmission. Will you please give it your immediate attention and return to us by return mail if possible.

If not too personal, we would like to enquire if Dr. Randolph was married more than once, as some of his books seem to refer to a wife, some time before your marriage to him. Also, can you inform us from what college he received his Doctor's Degree.

The enclosed will speak for itself, and we believe you will no longer have any doubts as to our sincere appreciation of his work.

Thanking you for your own great courtesy to us in this matter, and with cordial personal wishes for your happiness, we are

Very sincerely yours,

Societas Rosicruciana in America,

by

712 West 180th Street

P.S. Are you in a position to supply any of the books listed on the proof? We have about six of them in our library and would like to complete the set of all his writings.
